

Leicester East

Visit

Evington Park

Evington Park is one of the city's many parks. It offers a range of outdoor sports including tennis courts, bowling greens and orienteering. It's a lovely open space in the city to stroll and to picnic on the grass. You might even spot some of the wooden sculptures among the trees.

[All the details about the park can be checked here.](#)

Alternatively

Make an Edible Park

Why not try your hand at making an edible park?

Here is an idea made using mashed potato and vegetables. Maybe your creation could be made from fruit? Or sweets?

Challenge yourselves to make as many different elements to the playpark as possible. You could make a swing from spaghetti, a slide from pepper or a roundabout from orange. Don't forget to share your photos on social media using the hashtag #GirlguidingLeicestershire

Want to make a day of it?

Topstones

Our county campsite is close by!

You could book in for the a day visit and make use of the facilities such as grass sledging, mountain biking, the bouldering wall and even ending with a campfire!

[Head to the Topstones website to book your day out!](#)

Seldom Seen Farm

A short walk from Topstones is Seldom Seen Farm. In the summer, you can pick your own strawberries and raspberries straight from the fields - you could bake a cake with them back at Topstones or add them as a tasty treat to your picnic. There is a café there too for a spot of tea and cake!

[Visit their website for more information!](#)
